

Dream bedroom

By: Lucas

In my normal bedroom

In a normal bedroom you would usually find a bed and a closet. I have the bottom drawer and the top drawer. In my nightstand and a stuffed animal. But what do you think you would find in a dream bedroom? In my bedroom I sleep with a stuffed shark and a stuffed sturgeon. I sleep on the bottom bunk of my bunk bed. My brother sleeps on the top bunk. I have two drawers that hold my pjs. In my closet I have my jackets and my sweaters and my brother's jackets and sweaters. In my closet the bottom 2 levels are mine and the top 2 levels are my brothers. Also the very bottom level is my sweaters and my brothers sweaters. I have a basketball hoop on our closet door.

In My Dream Bedroom

If I had a dream bedroom I would have a bed that you could have a bed that has a lid on the top where you could go in or out. It would cost 1,000\$. It would be 5 feet tall and 8 feet long. The cover would be lime green and the bed would be purple.

These are some dream bedrooms

conclusion

I hope you enjoyed this dream bedroom project.
